

SAFETY DATA SHEET

PRODUCT /COMPONENT IDENTIFICATION	
Product Name:	Flexible Rubber Bollards
Manufacturer Name:	Rocycle A/S, Denmark
Intended Use:	Traffic control, Car parks Etc.
Components:	10B0020 Rubber mixture. 65-AE-72 Rubber mixture. Rubber granulates with polyester fibers. The above materials are vulcanized together and pressed in to moulds to create flexible rubber bollards of various sizes and shapes.
HAZARDS IDENTIFICATION	
Overview:	<u>GHS Classification</u> The products are not classified as hazardous for health. The products have no negative influence on environment. The raw material of the products contains N-cyclohexyl-2-benzothiazosulfenamide & N-(1,3-Dimethylbutyl)-N'-phenyl-p-phenylenediamine. The chemical classification for the above is allergens and could cause allergy reaction
Potential health effects	<u>Inhalation:</u> Grinding and sanding this product may generate dust. Dust may irritate throat and respiratory system and cause coughing. Concentrations of fumes from burning this material may cause respiratory irritation with coughing, difficulty in breathing, or shortness of breath <u>Eye Contact:</u> Grinding and sanding this product may generate dust. Dust may irritate the eyes. <u>Health Effects:</u> The chemical classification for N-cyclohexyl-2-benzothiazosulfenamide & N-(1,3-Dimethylbutyl)-N'-phenyl-p-phenylenediamine are allergens and could cause allergy reaction.
FIRST AID MEASURES	
If Inhaled:	If inhaled, remove to fresh air Get medical help if symptoms occur
In case of skin contact:	Wash with water and soap as precaution, get medical attention if symptoms occur
In case of eye contact:	Flush eyes with water as a precaution Get medical attention if irritation develops and persist

FIRE FIGHTING MEASURES	
Suitable extinguishing media:	Water Spray Alcohol resistant foam Dry Chemical Carbon dioxide (CO ₂)
Unsuitable extinguishing media:	none known
Specific Extinguishing Method:	Use fire-extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Special Fire Fighting Procedures:	Use standard firefighting procedures and consider the hazards of other involved materials.
Protective Measures:	Wear self contained breathing apparatus for firefighting if necessary Use personal protective equipment
ACCIDENTAL RELEASE MEASURES	
Personal precautions:	Wear necessary protective equipment
Environmental Precautions:	No specific precautions
DISPOSAL CONSIDERATION	
General Information:	The products do not meet the criteria of hazardous waste
Disposal Method:	No specific disposal method required
Other Information:	Used products could be potentially recycled in to new products. Please contact the manufacturer Rocycle A/S prior to disposal.
STORAGE	
General Information:	Store in a cool dry place out of direct sunlight (max storage temperature not exceed 20° C) The products must not be stored nearby a heater or open fire.
TRANSPORT	
Guidelines:	The guidelines suggest that men should be able to safely carry a load of 25kg if held close to the body at around waist height. The guideline weights for women are reduced with the suggested maximum weight being 16kg at waist height
Protective measures:	Please use the correct lifting equipment, should the product exceed the above guidelines Secure the products safely to avoid instability during transport. The products are not classified as dangerous goods.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, Rocycle A/S believes that the information contained herein is accurate and reliable as of the date of this material safety data sheet, but no representation guarantee or warranty, express or implied, is made as to the accuracy, reliability or completeness of the information. Persons receiving information are encouraged to make their own determination as to the information's suitability and completeness for their particular application.
